Note:- Only 'T' grade or schedule 80 PVC pipe can be used for threading because of suitable outside diameter & thickness. Parallel are standard. Use thread seal tape of silicone for sealing. ABS fittings are generally 5% extra. Quantity/value discounts are available. Pressures are set at ambient. Temp range for PVC is 5°C to 50°C. CPVC (5°C to 85°C is available but more expensive). Pipe is standard in 6m lengths but may be cut to 3m for ease of shipment.

PLEASE NOTE : Prices subject to change without prior notice.
